## **Total Economic Impact: \$91 million**

The total economic impact of a university can be measured in terms of the direct and induced economic impact of a university's activity on the local economy.

## **Direct Spending: \$77 million**

Direct spending is defined as the amount of money spent directly by the university, university employees, students, and visitors.

Direct Spending by Employees: \$23.7 million

Direct Spending by Students: \$40 million

Direct Spending by Visitors: \$1 million

University Purchases: \$11.5 million

Investment Spending: \$811.534

## **Induced Spending: \$14 million**

The induced economic impact is the additional employment and expenditures of local industries that result because of direct spending.

Jobs Created: 641

FY 2021-22 Economic Impact Study commissioned by the Association of Independent Kentucky Colleges and Universities, released January 2025
